

NAVODILA ZA VZDRŽEVANJE POLIKARBONATNIH KOLIČKOV

- 1) Preprečite nepotrebno izpostavo sončnim žarkom (U.V.).
- 2) Količke ne puščajte pred uporabo in po uporabi v prostorih skupaj: z bencinom, dizelskim gorivom, motornimi olji, gorili in splošnimi ogljikovodiki, alkoholom, kislinami, amoniakom in njegovimi derivati, barvami, topili, detergenti.
- 3) Na smučiščih pripravljenih s proizvodi za utrjevanje snega (npr. PTX, amonijev sulfat, itd.) ne zapičite količkov narobe obrnjene v sneg. Po uporabi očistite količke z vodo.
- 4) Za eventuelno čiščenje količkov priporočamo samo uporabo vode.
- 5) Ne označujete cevi količka in FLASH/SPEED baze z barvo.
- 6) Ne označujte cevi količka in FLASH/SPEED baze z lepilnimi trakovi in nalepkami
- 7) Priporočljivo je uporabljati pravilne količke za vsako kategorijo tekmovalcev, da se čim dlje podaljša njihovo trajanje:
Količek SOFT ali MINISOFT= od 8 do 11 leta, približno
Količek TOP27 = od 12 do 14 leta, približno (toda v dvoranah se priporoča uporaba količkov C6)
Količek C6 = od 15 let naprej

INSTRUCTIONS TO KEEP POLYCARBONATE POLES IN THE RIGHT WAY

- 1) Avoid unnecessary exposures to sunrays (U.V.)
- 2) Before and after the use of the poles, avoid to put them in rooms with: petrol, diesel fuel, motor oils, fuels and generally hydrocarbons, alcohols, acids, ammonia and its derivates, paints, solvents, detergents
- 3) For ski-slope prepared with snow hardening products (e.g. PTX, ammonium sulphate, etc) don't drive the pole upturned into the snow; After the use, clean the poles with water
- 4) For the possible cleaning of the poles we recommend the use of water only
- 5) Don't customize tubes **and FLASH / SPEED bases** with paints
- 6) Don't customize tubes **and FLASH / SPEED bases** applying stickers
- 7) It is recommended to use the correct slalom poles for each category, in order to prolong as much as possible their duration:
POLE SOFT or MINISOFT= from 8 to 11 years approx
POLE TOP27 = from 12 to 14 years approx (but in INDOOR-SKIDOME it is advisable to use pole C6)
POLE C6 = from 15 years upwards
